

BILLING CODE 6717-01-P  
DEPARTMENT OF ENERGY  
Federal Energy Regulatory Commission

[Docket No. CP15-89-000]

Transcontinental Gas Pipe Line Company, LL;  
Notice Of Availability Of The  
Environmental Assessment For The Proposed  
**Garden State Expansion Project**

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Garden State Expansion Project, proposed by Transcontinental Gas Pipe Line Company, LLC (Transco) in the above-referenced docket. Transco requests authorization to construct and operate a new compressor station and a new meter and regulating station in Burlington County, New Jersey and construct and modify an existing compressor station and related appurtenant facilities in Mercer County, New Jersey.

The EA assesses the potential environmental effects of the construction and operation of the Garden State Expansion Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The proposed Garden State Expansion Project includes the following facilities:

Phase 1 (targeted in-service date of November 1, 2016)

- Chesterfield Meter and Regulating (M&R) Station, Burlington County, New Jersey – new meter and regulating station near milepost (MP) 15.2 on Transco's Trenton-Woodbury Lateral;
- Compressor Station 205 (Station 205), Mercer County, New Jersey – Uprate Unit 3 existing motor to 25,000 horsepower (hp) and related minor ancillary modifications; and
- Valves and tie-in piping extending from Trenton-Woodbury Lateral to Chesterfield M&R and the future location of Compressor Station 203 (Station 203).

Phase 2 (targeted in-service date of August 1, 2017)

- Station 205, Mercer County, New Jersey – Units 1 and 2: Replace existing compressors and uprate electric motors each to 16,000 hp, including minor ancillary modifications;
- Station 203, Burlington County, New Jersey – new compressor Station consisting of a single 30,500 hp electric motor driven unit near MP15.2 on the Trenton-Woodbury Lateral;
- Electrical Substation, Burlington County, New Jersey – new electrical substation to power Station 203; and
- Automate 15-inch block valve J736 located on the Trenton-Woodbury Lateral, Burlington County, New Jersey.

The FERC staff mailed copies of the EA to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; newspapers and libraries in the project area; and parties to this proceeding. In addition, the EA is available for public viewing on the FERC's website ([www.ferc.gov](http://www.ferc.gov)) using the eLibrary link. A limited number of copies of the EA are available for distribution and public inspection at:

Federal Energy Regulatory Commission  
Public Reference Room  
888 First Street NE, Room 2A  
Washington, DC 20426  
(202) 502-8371

Any person wishing to comment on the EA may do so. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this project, it is important that we receive your comments in Washington, DC on or before **December 4, 2015**.

For your convenience, there are three methods you can use to file your comments to the Commission. In all instances, please reference the project docket number (CP15-89-000) with your submission. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502-8258 or [efiling@ferc.gov](mailto:efiling@ferc.gov).

- (1) You can file your comments electronically using the eComment feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and

Filings. This is an easy method for submitting brief, text-only comments on a project;

- (2) You can also file your comments electronically using the eFiling feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on “eRegister.” You must select the type of filing you are making. If you are filing a comment on a particular project, please select “Comment on a Filing”; or
- (3) You can file a paper copy of your comments by mailing them to the following address:

Kimberly D. Bose, Secretary  
Federal Energy Regulatory Commission  
888 First Street NE, Room 1A  
Washington, DC 20426

Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214).<sup>1</sup> Only intervenors have the right to seek rehearing of the Commission's decision. The Commission grants affected landowners and others with environmental concerns intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which no other party can adequately represent. Simply filing environmental comments will not give you intervenor status, but **you do not need intervenor status to have your comments considered.**

Additional information about the project is available from the Commission's Office of External Affairs, at **(866) 208-FERC**, or on the FERC website ([www.ferc.gov](http://www.ferc.gov)) using the eLibrary link. Click on the eLibrary link, click on “General Search,” and enter the docket number excluding the last three digits in the Docket Number field (i.e., CP15-89). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

---

<sup>1</sup> See the previous discussion on the methods for filing comments.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to [www.ferc.gov/docs-filing/esubscription.asp](http://www.ferc.gov/docs-filing/esubscription.asp).

DATED: November 4, 2015.

Nathaniel J. Davis, Sr.,  
Deputy Secretary.
